AQUAHALO and SERENITY SKY Bathroom Inspirations

Leading Designs for Architecture

Leading Designs for Architecture

Enriching people's lives in their living spaces is what drives Dornbracht today. With designs that last, architectures that inspire, forms of water presentation that promote well-being and user experiences that create personal added value.

As a premium partner, we like to support you in convincing your customers with integrated spatial concepts in exhibition, consultation and sales.

In our Roombook you will therefore find ideas for first-class product presentations in your showroom for select design and product series from Dornbracht.

Lasting Values. Excellently Finished.

Finishes from Dornbracht fascinate with their perfect flawlessness, impressive color depth and high durability.

In interior design, high-quality finishes and materials are of particular importance and offer your customers lasting added value for their bathroom. Not only by what they add to the design, but also in terms of consistency across all application zones - lavatory, shower, tub and accessories.

Set special accents in your showroom – with exquisite finishes such as Brushed Champagne (22kt Gold) or Brushed Dark Platinum and realize further sales potential.
